

Zachary Kile, PA-C, Physician Assistant - Certified

Get to know Zachary Kile, PA-C, a Certified Physician Assistant, who serves patients in Renton, Washington.

New York, New York City, Jul 26, 2021 ([IssueWire.com](https://www.issuewire.com)) - Zachary Kile, PA-C, is a reputable certified physician assistant with over 25 years of experience as an independent practitioner in multispecialty surgical and interventional pain medicine. He is currently serving patients at Anesis Spine & Pain Care in Renton, WA.

“Our highly trained physicians and professionals provide individualized care plans to help our patients minimize suffering and maximize physical functioning and quality of life”, states the official website of Anesis Spine & Pain Care.

Throughout his professional career as a physician assistant, Zachary has spent 12 years traveling the country and assisting in surgery with some of the most admirable surgeons. He has garnered unmatched experience in a variety of surgical specialties, including neurological surgery, orthopedics, cardiothoracic surgery, general surgery, and trauma surgery.

“Zachary understands the patients’ pain symptoms as he has had an injury that required major lumbar surgery. His approach is to deeply understand and connect with his patients through trust, communication, and compassion. Zachary firmly believes that patients can overcome their pain through simple interventional therapies and ultimately live happier, more productive lives”, says the website of Anesis Spine & Pain Care.

Zachary graduated from the University of Washington MEDEX Northwest Physician Assistant Program in 2008. In 2020, he was the recipient of the Top Physician Assistant Award from the Seattle Met. On a more personal note, Zachary enjoys traveling, spending time with friends, and doing anything outdoors.

Zachary is a physician assistant certified by the National Commission on Certification of Physician Assistants (NCCPA). NCCPA is the only certifying organization for PAs in the United States. Established as a not-for-profit organization in 1974, NCCPA provides certification programs that reflect standards for clinical knowledge, clinical reasoning, and other medical skills and professional behaviors required upon entry into practice and throughout the careers of PAs.

A physician assistant or physician associate is a type of mid-level health care provider. They are not to be confused with a physician. PAs may diagnose illnesses, develop and manage treatment plans, prescribe medications, and may serve as principal healthcare providers.
