

5Sharks.com - The Best Freelance Services using Cryptocurrencies as the Payment Method

United States, California, Sep 22, 2021 ([Issuewire.com](https://www.issuewire.com)) - 5Sharks.com, a newly launched online marketplace designed to match freelancers and businesses looking to augment their services by hiring freelancers and paying them in cryptocurrency. The concept of 5Sharks started as a mechanism for the common everyday person to use their skills to freelance and earn the cryptocurrency they want.

5Sharks.com allows companies to hire, manage, and pay remote technical workers around the world. Remote work and global teams have gone up during the pandemic, and so has unemployment. 5Sharks.com aims to match businesses and freelancers through our intuitive job posting portal. Businesses pay in cryptocurrency for excellent work and freelancers earn the cryptocurrency they want. A win-win.

According to Olawale Daniel, “At this crucial time, telling someone about Bitcoin is not financial advice by all factors. It is life advice.” 5Sharks is a marketplace for remote technology workers that offers a unique set of integrated management and collaboration tools to help employers track project progress and collaborate with team members as if all were working on the same premises. Remote work is here to stay, and so is cryptocurrency.

Employers can search 5Shark’s network and choose the best tested, top-rated technology professionals in over 30 countries around the world. Using 5Sharks web-based collaboration tools, project managers can set Milestones and verify all work performed. More and more software developers and technology freelancers are working for companies around the globe, taking advantage of better pay and more opportunities than are typically available in their local markets. By offering to pay in cryptos, they are giving providers a faster, simpler, and more secure way to grow their earnings and create a portfolio of their desired cryptocurrencies.

5Sharks supports an array of currencies such as Shiba, Bitcoin, Ethereum, Dogecoin, linch, Aave, AirdropsScout, BakeryToken, and many, many more. As a result, clients can choose their cryptocurrency and handle projects based on those transactions. They can also choose from a wide range of services and specializations such as digital marketing, graphics and design, translation and writing, video and animation, music and audio, programming and technology, logo designing, SEO, analytics, and NFT. Using 5Sharks.com is also easy and intuitive. One can just sign up for free, set their profile, offer their skills, decide the cryptocurrency of choice, and get started.

5Sharks.com is the new cryptocurrency work marketplace that offers a global network of some of the best freelance talent. If you are interested to find out more, visit their website at <https://5sharks.com>.
