

A Paradigm Shift for Business & Personal Gift Giving

Organic Gourmet Kookies makes gift giving easy, but more importantly, promotes showing appreciation, service, and selflessness. It's an honest go to when raising the bar of appreciation and creating impact in customer experience management.

Georgia, Atlanta, Aug 18, 2021 ([Issuewire.com](https://www.issuewire.com)) - *Kyri's Kookies say thank you without uttering a word. Simply amazing minus the fuss, frills or gimmicks of other boutique or major retailers.*

As a business birthed from the heart, every bite of Kyri's Kookies represents a piece of gratitude. The gift of Kyri's Kookies reflects a simple, yet a selfless way to give thanks to someone special when words aren't enough. Kyri's Kookies answers the question of what that special someone deserves without guesswork or frustration.

It's the taste that creates unbelievable joy, but the gesture's sincerity is what lingers after the last bite. Along with an appreciation for the act of kindness, the purchase includes a donation to soldiers,

healthcare professionals, teachers, first responders, and families battling cancer. It shows gratitude for all the hard work while making Kyri's Kookies the gift that keeps giving.

“It’s A Hug in EVERY BITE,” says a company spokesperson. “Yes, the freshly milled spring and winter wheat berries, South American resourced cacao,, and fresh fruit are an obvious factor, but the unrelenting effort put into each box is what makes each kookie stand apart.”

Buttery cookie dough, rich chocolate chunks, organic oats, and plump, ripe berries are just a few of the ingredients that transform classic flavors into a uniquely delicious, healthier alternative to major retailers. The nostalgic mouthwatering taste stirs memories of baking with grandma, making holiday cookies, and other beloved memories even the most high-powered CEOs long for.

“The first impression? A positive one indeed, but the kookies are where the real fun begins. The love and attention put into each batch are what people really taste,” said Dr. Kyri Hamilton, Kyri’s Kookies Founder. “They instantly become the preferred source of comfort and satisfaction for boutique shoppers willing to put money where it matters.”
