

Beyond Key Win The Gold Stevie® Award in 2021 International Business Award®

Winners Celebrated During Virtual Ceremony on 8 December

Illinois, Chicago, Aug 16, 2021 ([Issuewire.com](https://www.issuewire.com)) - [Beyond Key](https://www.beyondkey.com) was named the winner of a Gold Stevie® Award in the Company of the Year for Medium-Sized Computer Software companies' category in The 18th Annual International Business Awards® today.

The International Business Awards are the world's premier business awards program. All individuals and organizations worldwide – public and private, for-profit and non-profit, large and small - are eligible to submit nominations. The 2021 IBAs received entries from organizations in 63 nations and territories.

As the ongoing COVID-19 crisis will prevent winners from receiving their awards on stage during a traditional gala IBA banquet, winners will be celebrated instead during a virtual ceremony on Wednesday, 8 December.

Over 3,700 organizations of all sizes and in virtually every industry were nominated this year for consideration in a wide range of categories. Beyond Key won the Company of the Year category for Medium-sized Computer Software companies.

Piyush Goel, Beyond Key's CEO, stated, "The Company of the Year award proves how hard our team works to ensure clients get the best service. Our flexible global delivery model and software development experience helped us thrive despite the pandemic."

The judges were particularly impressed that Beyond Key could balance their primary goal of happy clients and happy employees even during tough times like Covid. They appreciated how their impressive 25% year-over-year growth rate happened during the pandemic. The amazing growth rate shows their dedication to employees and customers.

Stevie Award winners were determined by the average scores of more than 260 executives worldwide who participated in the judging process from June through early August.

“What we’ve seen in this year’s IBA nominations is that organizations around the world, in every sector, have continued to innovate and succeed, despite the setbacks, obstacles, and tragedies of the ongoing COVID-19 pandemic,” said Stevie Awards president Maggie Gallagher. “All of this year’s Stevie Award winners are to be applauded for their persistence and their resilience. We look forward to celebrating their achievements with them during our 8 December virtual awards ceremony.”
