

Bonang Matheba confused for Zoe Saldana in Nicholas Pinto's viral video

Bonang Matheba moved from South Africa to NYC during the pandemic and is still being stopped on the street for photos.

New York City, New York Dec 21, 2021 (Issuewire.com) - In a now-viral video, NYC TikToker Nicholas Pinto snapped a photo with Bonang Matheba without knowing who she was. Pinto took the picture to the internet and decided to ask TikTok who she was. He captioned the TikTok video "Today, I saw tons of people taking pictures with this lady – so I did too ... I have no idea who she is though!" It was seen by over 2.5 million people in just 2 days.

Bonang was sent the video by a friend and couldn't stop laughing.
"I'm screaming," she commented.
