

Brill Mindz Delivers AI & ML Based Learning Mobile App in Saudi Arabia and India

The education segment has evolved in recent years with e-learning apps that have aided in keeping the education process running, even in the time of the Covid-19 pandemic.

Saudi Arabia, Ar-Riyad, Aug 1, 2021 ([Issuewire.com](https://www.issuewire.com)) - Brill Mindz, a leading [mobile app development company in Saudi Arabia](#) and India, has completed the development of a Tutopia eLearning mobile app in West Bengal, India.

In recent years, the education sector has advanced with e-learning programs that have aided in keeping the educational process operating, especially during the Covid-19 pandemic. Tutopia is a cutting-edge e-learning tool that was formally introduced during a much-anticipated ceremony for students in the West Bengal Board's 8th, 9th, 10th, 11th, and 12th grades. Students, professors, and educationists from all around West Bengal gathered. Tutopia Education was created during the Covid pandemic when lockdowns prevented multiple sectors of Bengali-medium pupils from accessing appropriate e-learning materials.

The Tutopia eLearning App is one of the first mobile apps for Bengali medium students to use AI/ML technology. The pricing has been fair, and it is significantly cheaper than the expense of hiring a tutor in today's world. E-learning Students can examine themselves using Artificial Intelligence and Machine Learning in online education. This will give students the best tutorials, live classes, and notes, as well as Q&A on all topics. This exclusivity will help students build a firm foundation and increase their participation in lessons, practices, and assessments, among other things.

Tutopia is made up of a group of highly skilled tutors from various fields. They are professionals at

creating student-centered course materials that include high-quality 3D animation and graphical representations, as well as infographics and other visual aids. The teaching packages are created using a unique combination of cutting-edge technology and easy-to-understand storytelling. It makes it easier for pupils to relate and remember,' removing the need for them to be forced through repetitive approaches.

Key Features of Tutopia:

Live classes

Video classes

Chapter-wise notes

Practice session

Preparatory tests

Online test

Contest & leader-board
