

## Elements Media Networks Broadcasting LLC. Television and radio streaming innovation.

Discover the best in streaming

The advertisement is divided into two main sections. The top section has a black background. On the left is the logo for EMN ORIGINALS LLC, with 'EMN' in blue and white, 'ORIGINALS' in a smaller font, and 'LLC' in white. To the right is the logo for Elements Media Networks Broadcasting LLC, with 'Elements Media Networks' in white, a large stylized 'EMN' in white, and 'Broadcasting LLC' in blue. The bottom section features a photograph of a laptop displaying a topographic map. To the right of the laptop is a graphic for a radio station. It has a blue border and contains the text 'Streaming Radio with No Limits' at the top, a large '98.7' in the center, and 'EMN WIRED' at the bottom.

**United States, Pennsylvania , Aug 3, 2021 ([IssueWire.com](http://www.IssueWire.com))** - Streaming is the new normal when it comes to media entertainment and the choices are expanding with big companies getting into the business. Elements Media Networks Broadcasting is taking television and radio to the next level with streaming and content producing globally.

Today Founder Howard Smith and his team along with President Marlin Barrier Jr are adding more platforms to the already impressive advertise-based model designed for the viewers on the go.

With distribution on ROKU, FIRE TV, and APPLE TV gives the viewer multiple options to watch along with mobile apps.

Radio is also an important part of the design of Elements Media Networks Broadcasting brand with EMN Wired 98.7 coming on September 10, 2021, a streaming and lower power station.

Tech World Magazine

Let's talk staffing and team building. From your website your company also is helping to bring in the next future writers, producers with your internship program.

Howard

We started our internship program 6 years ago with only 8 colleges in the East and west area of the country. We have been very successful with our alumni team doing big things in the entertainment industry.

Tech World Magazine

Has Covid -19 hurt the way your company functions?

Howard

For Elements Media Networks it creates a remote structure for us to bring in a team of people from areas on a normal would be rare for us because we are very hands-on with our product development.

Tech World Magazine

Original content what are you guys working on at this time?

Howard

Our focus is on the television side with more series, films, and unscripted content. In the audio world, we are adding 3 more radio stations EMN Hits Mainstream radio, Wicked Radio, and Let's Talk EMN radio all within winter 2021-22.

Tech World Magazine

Tell us a little about your targeted audience with today's television climate.

Howard

From the beginning, we created our platform geared to the millennial audience who watch everything mobile. Now we have not left out our traditional TV audience we also have the web option and widgets available in 2022-23 on Dish, Direct TV, and IPTV.

Tech World Magazine

Let's talk affiliates and partnerships.

Howard

We have several that includes Kulflix Television in Seattle and our content partners in California that puts our network in a place to work with the best of upcoming and veteran producers and writers.

Tech World Magazine

Numbers don't lie are you guys focus more on your streaming numbers or the overall system?

Howard

Overall help our data team put together the combined expects of it all from minutes to impressions for advertising details.

Tech World Magazine

Do you guys prefer being verified on Instagram or all social media Networks?

Howard

We prefer to have verifications for all our social media platforms when they feel that we are worthy but that's not going to stop us from moving into the future with our product.

Tech World Magazine

Cord-cutting is a normal process with streaming television how do you feel about the future of the movie theater business.

Howard

Do you remember when it uses to be record and CD stores? Probably not this generation In 5 to 10 years it will be normally more than now that people will not go to the theaters. That experience will start to decline as television technology advances.
