# Four Products You Need as Cases Continue to Spike

**Texas, Austin, Aug 27, 2021 (**Issuewire.com**)** - Stay ahead of the curve as COVID-19 cases spike with the new “Delta” variant quickly spreading around America. Here are four game-changing products that will kill 99.99% of harmful bacteria and viruses at your home, office, or on the go.

**1. PURE® Hard Surface:** This chemical-free and non-toxic product is FDA-approved and kills 99.99% of bacteria, viruses, and fungi, including the Human Coronavirus. It’s been tested on items as simple as a basketball, a front door, and a cell phone. Before spraying, it tested in the extremely harmful category, and afterward, it was clean enough to be in an operating room!

**2. Clip-N-Grip:** This invention was designed specifically for when you go to the store. Shopping cart handles are filthy. These are portable, reusable, and can simply snap onto the handle when you shop. You remain germ-free. Buy it here >

**3. Adhesive Covers:** These clear adhesives that appear like tape go on common touchpoint areas such as door handles, elevator buttons, and so much more. They simply stick on and no matter who touches that surface, the germs are killed instantly and continuously for 24/7 up to six months.
