

Gary Schwartz, MD, MHA, an Ophthalmologist with Associated Eye Care

Get to know Ophthalmologist Dr. Gary Schwartz, who serves patients in Minnesota.

New York, New York City, Aug 13, 2021 ([Issuewire.com](https://www.issuewire.com)) - A comprehensive ophthalmologist with a special interest in problems of the ocular surface, Dr. Schwartz has been affiliated with Associated Eye Care since 1995. He devotes most of his surgery time to cataract surgery and refractive surgical procedures such as LASIK and PRK, seeing patients at the offices in Stillwater and Woodbury, Minnesota.

Associated Eye Care has 15 eye care providers who specialize in all areas of eye care. For 48 years, their providers have primarily cared for residents in the St. Croix Valley and specialize in all major fields including cornea, retina, glaucoma, refractive, comprehensive, and pediatric ophthalmology/optometry as well as surgery. Their goal is to approach each patient in a warm and caring manner, giving everyone the best experience possible in our clinics and surgery center.

In addition to his clinical practice, Dr. Schwartz is an Adjunct Associate Professor of Ophthalmology at the University of Minnesota, where he has received awards for his skills as a teacher. He also has medical privileges at Lakeview Hospital, and has authored two books, *The Eye Exam* and *Around the Eye in 365 Days*.

Born and raised in Boston, he received his medical degree from Boston University School of Medicine in 1991, and completed his residency in ophthalmology at the University of Minnesota in 1995. He received his Master in Healthcare Administration (MHA) from the University of Minnesota in 2017.

Licensed to practice medicine in Minnesota and Wisconsin, Dr. Schwartz is board-certified through the American Board of Ophthalmology, which is an independent, non-profit organization responsible for certifying ophthalmologists in the United States of America.

A Fellow of the American Academy of Ophthalmology, where he has served on the Board of Trustees, he is also a member and past President of the Minnesota Academy of Ophthalmology.

Ophthalmology is a branch of medicine and surgery, which deals with the diagnosis and treatment of eye disorders. Ophthalmologists are experts in the diseases, functions, and anatomy of the eye. They may provide routine care such as vision testing, as well as prescribe and fit eyeglasses or contact lenses. However, ophthalmologists are also surgeons. They repair traumatic injuries to the eye and perform cataract, glaucoma, and corneal surgery.

In his spare time, Dr. Schwartz enjoys snowboarding and gourmet cooking with his wife and son.
