

Get A Sonic Dose of Deep House Music with Factor Label and His Latest Representation ‘Guide Me’

Join an interstellar musical journey with Factor Label and his recently released musical representation ‘Guide Me’. It is recreating the essence of deep house music.

Chicago, Aug 17, 2021 ([Issuewire.com](https://www.issuewire.com)) - Up-and-coming talented DJ **Factor Label** has come up with his latest creation ‘**Guide Me**’. Deftly composed and finely calibrated, the musical arrangement in the track provides a tantalizing experience to listeners. Starting off softly, the track gradually catches its pace and keeps evolving with smooth transitions. Churning out a blended essence of

progressive house and deep house music, the track is quite engaging and reflects the creative skills of the artist. This talented DJ magically utilized the techno grooves along with swathes of electronic music with his complemented by meandering vocal skills. There is a sense of loss and longing both in the track which stirs the deeper emotions of the listeners.

As a well-seasoned music artist and producer, the artist enriched the deep house music industry with his exquisite musical representations. Some of his other singles like. 'Sparking Night', 'Lucky Me', 'Timeline', etc have already gathered a lot of attention with the unworldly sound design that churns out emotions. Through his musical career, the artist has created some of the greatest masterpieces like 'Resurrection', 'Fragile', 'Binary', 'Approaching', etc many others. The artist is well-known for his dynamic compositions that provide an amalgamation of techno, electronica, trance, progressive and electro house.

The latest release of '**Guide Me**' is being another milestone in his career which is revolving at the epitome of everyone's attention. With a complete punch of catchy music, drifting electronic baselines, and minimal vocals; the artist is looking forward to releasing more tracks in the coming days. Follow **Factor Label** on Spotify, SoundCloud, YouTube, Facebook, and Twitter to know more.
