California, Los Angeles, Aug 17, 2021 ([Issuewire.com](https://www.issuewire.com)) - Hempstrax has released an Extra Strength line of Topicals and Tincture available in 20,000mg. Hempstrax strives to meet the demand of consumers. There has been a necessity for stronger products to combat tough pain and inflammation.

Extra Strength CBD products have gained widespread popularity due to their fast-working properties. Hempstrax 20,000mg is their strongest CBD Topical yet. It delivers effective pain relief due to the high milligram of CBD along with organic essential oils, arnica, vitamin E, Eucalyptus Oil, and Tea Tree Oil.

[Hempstrax 20,000mg Topical Salve](#) is available in Isolate, Broad Spectrum, or Full Spectrum. It comes in a 4oz tin which is perfect for traveling or on the go.
