Delhi, New Delhi, Aug 27, 2021 ([Issuewire.com](https://www.issuewire.com)) - *Hoverpro Emerges as a Key Player in the Transportation Industry. The company launches the best durable electric scooter NOW available across India. Check out attractive discounts for new customers on their official website.*

Hoverpro is India's No. 1 mobility solutions company based in Gurugram, has launched [X1 Foldable Electric Scooter](#) - one of the most awaited two-wheelers now available across India.

The Automobile manufacturers have worked day and night to deliver a forward-thinking design that inspires one and is highly efficient.

Starting at Rs 24,999, the company initiated bookings for its foldable electric scooter on its official website at a discounted rate.

The product specs reveal that the X1 Foldable Electric Scooter will have a 18650 mAh high-capacity lithium battery, a claimed range of 18.6 miles of travel on a single charge, a top speed of 25 KM/h, and can hold a 25-100 kg load.

Other key features include a sturdy frame of aerospace-grade aluminum, durable and futuristic design.

In addition, the two-wheeled electric scooter comes with more features like ultra-bright 1.1W headlights, double-brake system, Bluetooth, etc.

With the latest X1 foldable electric scooter design, one needs to no longer choose between a vehicle that offers maximum efficiency and maximum riding fun.

X1 foldable electric scooter is a complete package and includes a great portable size and weight. Thus, making it easier for carry-ons and maneuvering stairs and pavements. Riders can also choose different color schemes for the stylish product.

The foldable electric scooter uses Tough magnesium Aluminum Alloy material and carries a 350W Motor that makes it highly functional and safe for everyone.

It is also a better choice and safe vehicle for those who love to ride at night as the ultra-bright 1.1W headlights added to the design will guide you through the way ranging up to 6 meters.

Empowered by the experienced and knowledgeable technical team, the company has introduced some of the best mobility designs in the past few years.

X1 Foldable Electric Scooter is one of the best launch products that will change your everyday life. It is fast, has a long-range battery life, and has high structural strength. "The professionals and technical experts at Hoverpro explore the latest technologies, take initiatives and make efforts to develop designs that are lightweight, easy to carry, and offer a comfortable ride.

In the past few years, Hoverpro has launched many electric vehicles that empower clients with great mobility and style," says Bhavya Malik, Founder, and CEO of Hoverpro.
