

## Introducing a Press Release Agency that Guarantees Search Engine Ranking for Websites

Companies throughout the world are seeking ways to rank their websites for more visibility. In A Flashhh Marketing, LLC is a new PR agency that helps start up companies and existing businesses gain an audience.

**Texas, Tyler, Aug 21, 2021** ([IssueWire.com](http://IssueWire.com)) - The transition of print media into digital media has made press releases more relevant in SEO marketing. A press release, also commonly referred to as a news release, is a written statement sent to advocates of the media to introduce information or make an

official statement. It is a low-cost marketing strategy that raises brand awareness for artists and organizations to provide information to all members of the media. Today, press releases are commonly used as a marketing tool by businesses to promote their activities and gain publicity.

## Brands that Benefit from Press Releases

For new and experienced company owners, [press releases](#) prove to be an important step in developing a solid foundation and building brand awareness. There are several brands that can benefit from press releases.

- Online Companies
- Small Businesses
- Musicians and record labels
- Individuals or personal brands

## Why Choose In A Flashhh Marketing, LLC?

According to the [press release agency](#), individuals can get their press releases distributed to over 500 news sites, including outlets like the Associated Press, Market Watch, and Digital Journal. The press release agency also offers additional website ranking with high authority do-follow links. The addition of do-follow links is what separates In A Flashhh Marketing, LLC from the competition. Do-follow links help businesses reach the first page of Google and other search engines in a short amount of time.

For companies that want to dominate, the [press release agency](#) offers placement on the major news outlets like LAWeekly, SFWeekly, and NYWeekly.

In A Flashhh Marketing also has options available for stock companies that deal with forex, blockchain, and crypto. Companies can get their [press releases](#) placed on over 150 finance and technology websites, as well as do-follow links to improve ranking.

## Additional Offers from the Company

In addition to press releases, the agency also offers [music promotion services](#) for artists, business card creation with shipping, voice-over, and audiobook narrations, mixing and mastering, music blog placement, and more. Check out the website below to improve your brand today.
