

# Jacqueline Polley, BSN, RN, a Registered Nurse with Holy Cross Hospital

Get to know Registered Nurse, Jacqueline Polley, who serves patients in Fort Lauderdale, Florida.

**New York, New York City, Aug 9, 2021 ([IssueWire.com](https://www.issuewire.com))** - Jacqueline is a registered nurse whose areas of expertise include endoscopy, cardiology, and mental health. She can be found on staff at Holy Cross Hospital.

Holy Cross Health fka Holy Cross Hospital is located in Fort Lauderdale, Florida. The hospital is a non-profit, 557-bed Catholic hospital that operates in the spirit of the Sisters of Mercy. It is a member of Trinity Health.

A 2017 graduate of the College of Central Florida, Jacqueline attributes her success to taking every opportunity to learn. She has worked in hospitals where it was very tough and ultimately, the drive to do her job well, right, and safely for everyone involved are the values that help her to get where she is.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
