- **Gulmarg:** The serenity of the place would have been incomplete without this Meadow of flowers

that one can see in Gulmarg. Have a massive variety of flower species is one of those handpicked places that Kashmir Tourism asks you not to miss.

- **Hemis:** According to Kashmir Tourism experts, places like these that have stayed away from the touch of modernity have succeeded in keeping the Kashmiri culture intact. Even though it's a small village, this is the real Kashmir that one should visit.
