

Local Cardiff Tree Surgeon firm announce council contract for landscaping

20+ Years Of Experience Provide A Safe Pair Of Hands For Challenging Local Renovation Project

United Kingdom, South Glamorgan, Aug 19, 2021 ([Issuewire.com](https://www.issuewire.com)) - Tr33 LTD, a local tree surgeon team, has announced they have started work on a landscaping project for renovated houses in the Cardiff area. The team has been serving the local community for over 20 years, offering a range of services from tree surgery to grounds maintenance.

The Cardiff Council project commenced on the 19th August 2021 and will look to improve the quality of gardens and grounds at local renovation projects through the use of processes such as turfing. This is important as it makes the properties safer during the colder months we are rapidly heading towards. Unsafe or unsteady trees are more dangerous in the windy Autumn months and having an experienced team of over 20 years inspect and carry out a project of this nature is a crucial part of the renovation project.

Why use a professional team for ground and tree maintenance?

Tr33 LTD provides local tree surgeon work in both a domestic and commercial setting. Their list of services includes but is not limited to the following :

- Mowing, edging and fertilizing of lawns
- Weeding and mulching of landscapes

- Hedge, shrub and small tree trimming
- Removal of dead, damaged, or unwanted trees
- Flower planting, tree planting shrub planting and border planting
- Watering of grounds, lawns, landscapes, and gardens
- Path clearing
- Turfing

Using a specialist team is so important in a field such as a tree surgery. Knowing how to do a job cleanly as well as knowing if a job even needs to be done saves time, keeps everyone safe and avoids doing unnecessary damage to the surrounding area. It also avoids making the issue worse which will only add to the length and cost of the project. At the end of the day, you want your lawn or tree to be taken care of with the least amount of cost and obstruction possible to daily life. Tr33 offers this service and promises to make the whole process as easy and as unobtrusive as possible.

They offer a friendly and professional service backed by 20+ years of experience and a large set of positive reviews as a trusted team in the local community. If you are looking for a reliable and efficient team to assist you with your garden maintenance, get in contact with the Cardiff Tree Surgeon team through their website: <https://www.tr33.co.uk/>
