Classified script

\$499

Tamil Nadu, Chennai, Aug 7, 2021 ([Issuewire.com](https://www.issuewire.com)) - MindLeef announcing the launch of Classibuy- a customizable and pre-made letgo clone script that renders startups and entrepreneurs kickstart their classifieds business immediately into the digital market.

We are glad to launch our Classibuy- a [letgo clone script](#) wrapped with an exclusive launch offer of mobile apps and an admin panel for 499\$.

Features of Letgo clone script

Multiple sign-up and sign-in via social account.

Geo-based search for ads.

Detailed product view page.

Featured ads to promote and highlight listings.

Instant chat option to connect with the seller.

Multiple categories to find listings with ease.

Ratings and Reviews to post user's feedbacks.

Banners campaigns to spotlight ads.

Buy now for instant product checkout.

Multiple languages and currencies for global users.

Admin dashboard to control the entire website.

Push notifications to update users promptly.

Our script is boundless to the above-mentioned features. The platform is highly reliable to scale any of your innovative customization work to incorporate future methodologies.

Pertaining to technologies, Our Letgo clone script is developed with the most efficient Flutter app technology, Which adds superiority as flutter is highly reliable to design eye-catching UI layouts with customizable design and widgets. Classibuy solves the challenges of aspiring entrepreneurs to establish an online classifieds platform smoothly into the digital market.
