

Rebecca G. Carey, MD, MS, CNSC, IFMCP, a Pediatric Gastroenterologist with Peyton Manning Children's Hospital at the Cen

Get to know Gastroenterologist, Dr. Rebecca G. Carey, who serves patients in Evansville, Indiana.

New York, New York City, Aug 27, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Carey is a board-certified pediatric

gastroenterologist who treats a full spectrum of general gastroenterology and nutritional disorders in children and adolescents. She is the Medical Director of the pediatric GI practice at Peyton Manning Children's Hospital at the Center for Children in Evansville, Indiana.

An Institute of Functional Medicine Certified Practitioner (IFMCP), she is also a Certified Nutrition Support Clinician by ASPEN. Within the field of gastroenterology, Dr. Carey has a strong focus on children who are fed by gastrostomy tube, suffer from Inflammatory Bowel Disease, and have nutritional issues.

Born in England, Dr. Carey and her family emigrated to the United States when she was 9 years old. She graduated in 1993 from Princeton University with a Bachelor of Arts degree in Chemistry. For her medical degree, Dr. Carey went to Robert Wood Johnson Medical School at the University of Medicine and Dentistry of NJ (2001). While a Howard Hughes Medical Institute fellow, Dr. Carey obtained a Master of Science degree in Neuroscience.

Her pediatrics residency was followed at Primary Children's Medical Center at the University of Utah (2001-2004). Subsequently, she became fellowship-trained in pediatric gastroenterology, hepatology, and nutrition at Cincinnati Children's Hospital Medical Center (2004-2007).

Licensed to practice in the state of Indiana, Dr. Carey is board-certified in the subspecialty of pediatric gastroenterology by the American Board of Pediatrics. The American Board of Pediatrics was founded in 1933. It is one of the 24 certifying boards of the American Board of Medical Specialties. The ABP is an independent and nonprofit organization.

Pediatric gastroenterologists evaluate and offer treatment plans for any kind of chronic gastrointestinal issue including abdominal pain, vomiting, diarrhea, failure to gain weight, feeding and swallowing problems, constipation, and gastroesophageal reflux disease.
