

Rivecoin Announced New Peer-to-Peer Blockchain Called RIVE Money

California, Sacramento, Aug 2, 2021 ([Issuewire.com](https://www.issuewire.com)) - RiveCoin has announced its highly anticipated Peer-to-peer blockchain Rive Money which is a platform aimed to bring crypto right to your phone with its user-friendly experience. Many people have smartphones and lots of those people use applications like Venmo and Cash App as their digital wallets to easily send money to friends and other users. But these applications are centralized organizations that have a lot of power over your account and transaction limitations.

The benefit of using these applications is that they are super simple. Venmo, for instance, can quickly be set up without even connecting it to your bank account before being able to use it. In many ways, Rive Money is trying to satisfy the same market while bringing all of the advantages of cryptocurrency to the average smartphone user.
