In 2021, virtual concerts are more popular than ever, as some of the biggest stars in music are reaching their fans via live streams concert viewing. Musicians of all genres have embraced virtual concerts. Fans of Snoop Dogg will have unprecedented access to not only view his performances and those of his Friends but experience the event as if they are actually there in attendance with VIP pass and front row seats!

SnoopDoggBig50.com has partnered with the industry's finest live streaming and production companies. Our Metaverse virtual concert hosting of Snoop + Friends will provide interactive entertainment to virtual attendees including having a "fan react" feature that allows them to take video selfies to film their reactions to the performances.

"We're excited to bring this innovative virtual concert to Snoop Dogg fans all over the world."
