Having been in practice for nearly two decades, Dr. Ekong holds certifications in Advanced Cardiac Life Support and Basic Life Support.

Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

On a more personal note, Dr. Ekong speaks several languages, including English, French, and Russian.
