

Stephen B. Guss, MD, a Cardiologist with Morristown Cardiology Associates

Get to know Cardiologist, Dr. Stephen B. Guss, who serves patients in Morristown, New Jersey

New York, New York City, Aug 2, 2021 ([Issuewire.com](http://www.Issuewire.com)) - A remarkable cardiologist, Dr. Guss sees

patients at Morristown Cardiology Associates in Morristown, New Jersey. His areas of clinical expertise cover CT angiography, echocardiography, diagnosis and treatment of valvular heart disease, as well as preventive cardiology, and general cardiology, such as heart failure and high blood pressure. He maintains affiliations with Atlantic Medical Group and Morristown Medical Center of AtlanticHealth.

According to the official website of his practice, *“Morristown Cardiology Associates was established in 1972 and is among the oldest and most prestigious comprehensive cardiovascular groups in New Jersey. Our doctors provide exceptional care and are board-certified in cardiovascular disease and various cardiovascular subspecialties. They have been educated at the top university medical centers in the country and bring their training and expertise to the local community.”*

A 1968-graduate of the prestigious Harvard Medical School, Dr. Guss completed his internal medicine residency at Beth Israel Hospital in Boston, Massachusetts (1968-1971). In 1974, he finished his fellowship training in cardiovascular disease medicine at the Hospital of the University of Pennsylvania in Philadelphia, Pennsylvania.

Subsequent to his education, the doctor attained board certification in internal medicine, cardiology, and interventional cardiology through the American Board of Internal Medicine (ABIM). The American Board of Internal Medicine is a 501 nonprofit, self-appointed physician-evaluation organization that certifies physicians practicing internal medicine and its subspecialties.

Cardiology is a branch of medicine that deals with disorders of the heart as well as some parts of the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology.

Moreover, Dr. Guss is Level II Certified in CT Angiography. Through Morristown Cardiology Associates, his patients are admitted to the Gagnon Heart Hospital at Morristown Medical Center, the premier cardiac specialty hospital in New Jersey. The practice provides 24-hour emergency and consultative service for patients with heart and circulatory problems.
