

Toasted Bar Announces Release of The Indian Summer Collection

Hand-poured soy wax melts and candles that bring the fragrance of autumn home.

Illinois, Joliet, Aug 23, 2021 ([IssueWire.com](http://www.IssueWire.com)) - Designer and President Tara Schumacher, from Toasted Bar, Inc., is announcing her release of the brand-new Indian Summer Collection. Each soy wax melt and candle is created and hand-poured by the designer herself. The Indian Summer Collection will be released on August 28, 2021.

The Indian Summer Collection will be exclusively sold on the [Toasted Bar, Inc's website](#), where the limited supply products are scheduled to sell out by the end of the season. The wax melts and candles in this collection are designed to help the shopper transition from the hot days of summer to the cooler fall nights. The autumn scents of pumpkin and apple will fill the home and prepare the shopper for the busy holiday season.

Toasted Bar's soy wax melts and candles are hand-poured in small batches to ensure the best quality and longest-lasting fragrance possible. The soy melts and candles come in a variety of colors and fragrances, with a product lineup wide enough to fit everyone's fragrance desires. Some products are infused with essential oils and odor-eliminating components. Shoppers will enjoy the unique and edgy names given to each soy melt, examples including: The Better Basic, Hunting Season, and Voodoo Magick. The Indian Summer Collection includes soy wax melts and candles, prices ranging from \$4-\$10.

Tara is ecstatic to welcome her fans, new and old, to the new hand-poured collection they have been waiting for!

Toasted Bar, Inc was born out of the frustration many of us feel when purchasing wax melts or candles, only to get them home and realize their fragrance is poor and often short-lived. After months of research, Tara found the solution, and also the safest option, in soy wax and started creating her own highly scented and non-toxic melts and candles. Toasted Bar's products started gaining notoriety in 2019 amongst the wax melt and candle industry. Adored for their highly scented soy wax melts and candles, Toasted Bar, Inc provides luxurious and long-lasting fragrance for the home or office, while offering edgy and fun product names to bring a smile to your face.
