

AHRO Scientific Publishing Ltd wins Scotland Prestige Award

Scotland, Glasgow, Sep 7, 2021 ([IssueWire.com](https://www.issuewire.com)) - AHRO Scientific Publishing Ltd, a Scotland-based publishing company has been awarded the 2021/22 Scotland Prestige Specialist Company of the year by Corporate Livewire. AHRO Scientific Publishing Ltd is a science, technology, and medical (STM) publisher that provides academic researchers and industrial professionals with the latest information in diverse fields of science and technology. The company currently publishes more than 20 journals in both electronic and printed formats. These informative journals are as diverse and varied as the subjects cover and include a range of disciplines in science such as medical sciences, engineering, mathematics, etc. The journals are indexed through a recognized number of indexing agencies. The company in addition publishes books for both the Africa Health Research Organization and other external institutions. The main focus of books published by the company presently is health. Finally, the company publishes a magazine: African Lens that disseminates and elicits scientific discussions on current issues.

In his acceptance speech, the CEO of AHRO Scientific Publishing Ltd among others said:

“.....To form and run a company that was disrupted by a pandemic was a big challenge. Therefore to be given the award of Scotland Prestige Special Publishing Company of the year 2021/22 shows the hard work expended by the team. I stand here today as a staunch representative of team AHRO Scientific Publishing Ltd to promise that we WILL continue to uphold the principle of hard work and our firm objective of disseminating quality scientific knowledge around the globe. Our goal is to become one of the leading scientific publishing companies in the world!!”

The company has initiated a number of initiatives including AHRO-Universities Partnership, AHRO-Industries Partnership, and Special Books Distribution Program. For further details, visit:
