

Angela M. Rogers, DMD, MS, a Pediatric Dentist with Especially for Kids PC

Get to know Pediatric Dentist Dr. Angela M. Rogers, who serves patients in Southfield, Michigan.

New York, New York City, Sep 21, 2021 ([Issuewire.com](https://www.issuewire.com)) - Knowledgeable of the oral health care of pediatric patients, Dr. Rogers has more than 30 years of experience as a pediatric dentist. She sees patients at her private practice, Especially for Kids PC, located in Southfield, Michigan.

Especially for Kids PC provides gentle and complete dental treatment to every patient in a kid-friendly environment, regardless of age or previous negative dental experiences. With a talented and caring team of professionals, the dental practice aims to promote healthy oral care and personal care to every patient.

A graduate of Spelman College with a Bachelor of Science degree in Biology, Dr. Rogers earned her Doctor of Medicine in Dentistry degree from the University of Alabama School of Dentistry. She then completed her Master of Science degree in Pediatric Dentistry at the University of Michigan, and her fellowship with a focus on the care of children with special needs.

Certified by the Board of Dental Examiners of the state of Alabama & licensed by the Michigan Board of Dentistry as a specialist in pediatric dentistry, she holds a certificate in Advanced Cardiovascular Life

Support (ACLS).

On a professional level, Dr. Rogers is a proud member of the Wolverine Dental Society, the American Academy of Pediatric Dentistry, the National Dental Association, the University of Michigan Easlick Society, the University of Alabama Dental Alumni Association, the Spelman College Alumni Association, National & Detroit Chapters, the Delta Sigma Theta Sorority, Inc., Southfield Alumnae Chapter, and the Jack & Jill of America, Oakland County Chapter.

Pediatric dentistry is the branch of dentistry dealing with children from birth through adolescence. Pediatric dentists specialize in oral care for infants, toddlers, children, and teenagers. They are trained to handle: treatment of children under anesthesia and sedation, as well as treatment of medically compromised children and adolescents.
