

Big Time Consultant and Developer for Super Stars Now Contributing to SportsEdTV

Ted Simons Founder of Synergy Group Consulting Counts Famous Companies and Names As Clients

Florida, Miami, Sep 8, 2021 ([Issuewire.com](https://www.issuewire.com)) - [SportsEdTV](https://www.sportsedtv.com) has added Ted Simons founder of Synergy Consulting Group to its array of contributors. Synergy Group Consulting provides services to developers and owners of golf and sports facilities around the world looking for outside expertise in creating great experiences for patrons.

“The segments of our audiences which operate facilities will benefit greatly from the wisdom Ted Simons will be able to share in his SportsEdTV contributions,” said Robert Mazzucchelli, Founder, and Chairman of SportsEdTV.

In addition to developing a new curriculum for global Jack Nicklaus Academy of Golf franchises, Simons has developed programs and facilities for the Mark Spitz Swim Academy, Jim Courier Tennis Academy, Mia Hamm/Brandi Chastain/Julie Foudy Soccer Academy, and the Signature Fitness Academy.

“Ted’s impressive list of corporate clients have included Wilson Sporting Goods, ICON Health & Fitness, American Express, Continental Airlines, US Ski Team, Yonex Golf & Tennis, Deer Valley Resort, FreeMotion Fitness, National Academy of Sports Medicine, Skis Dynastar/Lange, Yamaha Sports, Dartfish USA and that speaks loudly of his excellence,” added Victor Bergonzoli, CEO of SportsEdTV.

Simons says his “life experiences go back to when kids “just played” anything and everything like baseball, basketball, football, tennis, waterskiing, and riding bikes to get to practice, games, or to just play pickup games with friends. Toss in years of music lessons and some tap dancing, and by accident, you end up with a well-rounded individual that understands the importance of being exposed to multiple activities when growing up.”

About [SportsEdTV](#): [SportsEdTV](#) exists to help athletes, coaches and parents LEARN, WIN, and CELEBRATE. We don't expect everyone who uses our learning tools to become a world champion - that's not our mission.

We do expect people who use our educational resources to become their champion, by whatever definition they view success in their chosen sport. For some, success is making the varsity team, for others, it’s becoming country champion, and for others still, it may simply be gaining proficiency at a sport that offers a lifetime of fun and fitness. “

To us, no matter your aspirations in sport, if you are striving to improve, you are winning! As a leading sports education media company, we provide FREE video and blog content to anyone in the world with an internet connection.

We also offer a global online community, where athletes, parents, and coaches can interact, connect, chat, share content and find new friends. [SportsEdTV](#) videos feature coaching from world-class coaches and athletes - many of whom are or have coached world champions - and have been watched by viewers in every country in the world.
