Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. This happens to be the case in the acute setting for an Emergency physician. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

On a more personal note, Dr. Toledo speaks English and Spanish.
