

Fareed Moses S. Collado, MD, FACC, FSCAI, a Cardiologist, Interventional Cardiologist, and Structural Heart Disease

Get to know Cardiologist & Interventional Cardiologist, Dr. Fareed Moses S. Collado, who serves patients in Illinois.

New York, New York City, Sep 24, 2021 ([IssueWire.com](https://www.issuewire.com)) - Dr. Collado is a cardiologist who specializes in interventional cardiology and structural heart disease and welcomes patients at Rush University Medical Group in Chicago and Oak Park, Illinois. His clinical expertise covers the diagnosis and treatment of coronary artery disease, myocardial infarction, aortic stenosis, atrial septal defect, congenital heart defects, mitral valve prolapse, patent foramen ovale (PFO), and other valvular heart diseases. Dr. Collado is an expert in coronary stent placement, percutaneous valve replacement, and repair including transcatheter aortic valve replacement (TAVR), percutaneous mitral valve repair (mitraclip), left atrial appendage occlusion, and patent foramen ovale (PFO) closure.

“Rush University Medical Center is an academic medical center. In addition to providing patient care, many of our clinicians have faculty appointments at Rush University and perform clinical, basic science, and community-based research. Our education and research endeavors are dedicated to enhancing excellence in patient care — now and in the future”, states the official website of Rush University Medical Center.

Dr. Collado earned his Bachelor of Science degree in Biology in 2002 at the University of the Philippines

(U.P.) and completed his medical degree in 2007 at the UP College of Medicine. He finished his internal medicine residency at Rush University Medical Center (2009-2012). After practicing as an internist at Cleveland Clinic Foundation for one year (2012-2013), he joined Rush University Medical Center for a cardiovascular disease fellowship (2013-2016) and served as chief cardiology fellow (2015-2016). He then completed his interventional cardiology fellowship at Beth Israel Deaconess Medical Center and Harvard Medical School in Boston, MA (2016-2017). He completed his fellowship in adult congenital and structural heart disease at Rush University (2018-2019).

Subsequent to his education, Dr. Collado attained board certification in internal medicine, cardiovascular disease medicine, and interventional cardiology through the American Board of Internal Medicine (ABIM). Dr. Collado is also board-certified in adult echocardiography by the National Board of Echocardiography and in nuclear cardiology by the Certification Board for Nuclear Cardiology. The American Board of Internal Medicine is a 501 nonprofit, self-appointed physician-evaluation organization that certifies physicians practicing internal medicine and its subspecialties.

Cardiology is a branch of medicine that treats patients with disorders of the heart as well as some parts of the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology.

Interventional cardiology is a branch of cardiology that treats patients with coronary artery disease, especially myocardial infarction, through percutaneous treatment with balloon angioplasty and coronary stents.

Structural heart disease is a specialized branch of cardiology that specifically diagnoses and treats valvular heart disease, commonly aortic valve and mitral valve diseases, through catheter-based therapy such as TAVR and mitral clip.

A Fellow of the American College of Cardiology (FACC) and a Fellow of the Society for Cardiovascular Angiography and Interventions (FSCAI). Dr. Collado is licensed to practice in Illinois and Indiana. On a more personal note, he speaks English and Filipino.
