

From Instagram to music: Sergionir talks about his new facet in music and support on social networks

As he had been announcing on his social networks, the Colombian instagramer Sergionir, decided to dedicate himself to music.

New York, New York City, Sep 23, 2021 ([Issuewire.com](https://www.issuewire.com)) - The camera is not going to turn off, we are just changing the lens. "This is how Sergio Nicolas Roncancio Rodríguez, better known as Sergionicr, explains the change in content that they will begin to see on their social networks.

Since 2020 he has dedicated himself to developing the idea of becoming a musician, so he was nurtured by musicians and colleagues to better direct his musical career. Some time ago, the famous Colombian influencer Sergio Nicolas Roncancio Rodríguez (sergionicr) decided to stop creating content on networks to dedicate himself completely to music, but he has uploaded several songs created by him to Instagram where the theme is ethical sounds and melodies relaxing and moves one by one. Now, with hundreds of thousands of listeners on Spotify, several singles with many plays, you are ready to reach audiences around the world. world. As his reputation as a creator and influencer continues to grow, Sergio is ready to prove that he belongs on the digital scene.

Now, the influencer will try a new facet, music, which is alien to him, although Sergio has focused on his career in the digital world, this time he will try his luck with his first songs.

Through a dynamic on Twitter, Instagram, he unveiled the name that will carry new singles that, according to him, will come out very soon.

For more information, see Sergionicr on Instagram or @sergirodriguz on Twitter.
