Headlining the festivities are a host of skincare vendors displaying their latest products and treatments, including *Skin Script* and *Skin Religion*, unveiling new educational products. Executive Directors of the AZ Board of Cosmetology will be on hand to answer questions throughout the afternoon.

Gary Begley, the owner of [IMAj Institute](http://IMAjInstitute.com), said, "We are very proud of our alumni and staff and promise that this Aesthetics conference will be a unique opportunity for everyone to network with Aesthetic professionals, learn about new products, and to see their classmates."

Established Leaders in the Aesthetics Industry to Attend

Representatives from the Maricopa Job Connection will be in attendance, as will Corporate Management from *Skin Laundry* and *Remedy Spa*, providing an excellent opportunity for attendees to network with established leaders in the Aesthetics industry.

Demonstration booths with free treatments and exhibits include Lip Flips performed by the Institute's staff and students for a select number of visitors using IMAj Institute's exclusive Artisan Sculptor technology. Free Lip Plumping will also be available, as will demonstrations of the Institute's exclusive Tri Pulse tattoo reduction laser.
