

Inaugural National Medical Director of Brain Injury Association of America to Contribute to SportsEdTV

Dr. Gregory O'Shanick is Medical Director Emeritus of BIAA and now leads the Center for Neurorehabilitation Services

Florida, Miami, Sep 24, 2021 (IssueWire.com) - SportsEdTV has announced the participation of one of America's preeminent brain injury physicians, Dr. Gregory O'Shanick, founding national medical director of the Brain Injury Association of America to its contributing concussion experts.

"Our mantel of leadership comes with obligations, too. We see putting our education muscle behind the concussion crisis in sports as a significant contribution, and adding Dr. O'Shanick adds further emphasis to our commitment," said Robert Mazzucchelli, Founder, and Chairman, SportsEdTV.

As a result of his international reputation in neuropsychiatry and neurorehabilitation, he was asked to be the first National Medical Director of the Brain Injury Association of America in 1996, a post he vacated in 2010 when he was elected Chair for BIAA's Board of Directors. His contributions to BIAA during his tenure were recognized by naming him Medical Director Emeritus.

"Our distribution expertise combined with Dr. O'Shanick's experience will make for a strong contribution to the concussion and brain injury issue in sports," added Victor Bergonzoli, CEO of SportsEdTV.

Dr. Gregory J. O'Shanick is the Medical Director of the Center for Neurorehabilitation Services in Richmond, VA. His academic career includes faculty appointments at Duke University Medical Center, the University of Texas Health Science Center at Houston, Medical College of Virginia, and, most recently, in the Department of Neurological Surgery and the Virginia Neurological Institute at the University of Virginia.

About SportsEdTV: SportsEdTV exists to help athletes, coaches and parents LEARN, WIN, and CELEBRATE. We don't expect everyone who uses our learning tools to become a world champion - that's not our mission.

We do expect people who use our educational resources to become their champion, by whatever definition they view success in their chosen sport. For some, success is making the varsity team, for others, it's becoming country champion, and for others still, it may simply be gaining proficiency at a sport that offers a lifetime of fun and fitness. "

To us, no matter your aspirations in sport, if you are striving to improve, you are winning! As a leading sports education media company, we provide FREE video and blog content to anyone in the world with the internet.

We also offer a global online community, where athletes, parents, and coaches can interact, connect, chat, share content and find new friends. SportsEdTV videos feature coaching from world-class coaches and athletes - many of whom are or have coached world champions - and have been watched by viewers in every country in the world.
