

Infox Technologies Develop Car Games to Play

Chase Me

Kerala, Ernakulam, Sep 7, 2021 ([Issuewire.com](https://www.issuewire.com)) - Today Gaming is the most interesting and innovative entertainment for everyone. A good game will give us relaxation, enjoyment, creativity, and also reducing stress. So all are searches for these kinds of games and find new updates in games. The process of selecting the best and good game is challenging. So Infox technologies is a gaming company that helps you to overcome the challenge by introducing their new [car games to play](#) is updated on August 31, 2021, called Chase Me. There are a lot of car racing games available but this game will make you experience a different level of gaming. Chase Me is an android car racing game with 10

different levels to play. It has many interesting features and we have to avoid the obstacles and collect the coins to race to the finish line. This is a single-player game and the player has to collect at least 2 stars to advance to the next level. After completion of every level, the next level will be automatically unlocked. Infox technologies open a new level of a gaming experience through their latest exciting games that will click a spark in the gaming industry and the players.
