

Launch of Freedom is Everything Campaign by author Beth Vishnevsky

New Jersey, Jackson, Sep 21, 2021 ([IssueWire.com](http://www.IssueWire.com)) - Four-time published author and advocate for social change since the early 1990s, Beth Vishnevsky has launched a new campaign entitled [FREEDOM IS EVERYTHING](#).

Ms. Vishnevsky holds the opinion that our rights and freedoms are given to us at birth by our Creator and that those rights and freedoms NEVER EXPIRE and are not negotiable. They also are not to be infringed upon, for any reason.

Ms. Vishnevsky is proud to introduce two new original t-shirt designs as part of her FREEDOM IS EVERYTHING campaign.

She supports the heroes, patriots and warriors that embody the term FREEDOM FIGHTERS. She wants law and order to rule, not lawlessness, or no regard for human rights and freedom of choice.

"We need to get back to the values that are essential to humanity's survival, and stop all these division and separation games being recklessly played out in society everywhere."

She further emphasizes, "Freedom IS everything. Either you stand for something and triumph over it, or you stand for nothing and lose everything."

Support your local law enforcement, firefighters, military, and all the many other heroes who work endlessly to protect and serve the people.

Ms. Vishnevsky plans to donate the proceeds from these shirt purchases to her heroes and law enforcement officials in her area to strengthen law and order. "We need law and order. Defunding them is no answer or solution. We need to stand with law and order, and work together to build safer communities."

UNITE TOGETHER IN UNITY, BROTHERS AND SISTERS ACROSS THE WORLD.

Stand for freedom and liberty for all. Proudly display your patriotism today and every day.
