

Live Webinar - Hybrid Work: Employee Engagement & Experience

The banner features a blue background with white and orange text. At the top left are the logos for Quadtrion (A Microsoft Company) and Powell Software (Innovation at Work). At the top right is a white box with the text 'LIVE WEBINAR'. The main text reads 'Join us for the webinar on Hybrid Work : Employee Engagement & Experience'. Below this, a calendar icon indicates the date 'October 12, 2021' and a clock icon indicates the time '11:00 am EST'. At the bottom left is an orange button that says 'REGISTER NOW'. On the right side, there are two circular headshots of speakers: Lorne Phelps, Partner Development Manager at Powell Software, and Ashish Gupta, Director of Collaboration Solutions at Quadtrion.

New Jersey, Secaucus, Sep 23, 2021 ([Issuewire.com](https://www.issuewire.com)) - Hybrid Work is the new normal as employees return to the office. One of the requirements Organizations need to solve is employee engagement. An effective and comprehensive Digital Workplace enhances communication and collaboration resulting in the employee's increased productivity.

Join Quadtrion and Powell Software on October 12, 2021, at 11:00 AM EST for a webinar as we discuss the different aspects to consider in order to define a modern Digital Workplace that truly drives the Hybrid Work transformation while placing the employee at the center of the experience.

What you'll learn:

- Challenges of Hybrid Work
- With Employees returning to the office, what are some of the things organizations need to consider?
- Bridging the gap between the physical and remote office space – What's the right approach?
- Addressing employee engagement as individuals return to the office and the need for an Intranet across organizations
- How does this play into the new Digital Workplace Model
