Get to know Psychiatrist, Dr. Lynne Lyons, who serves patients in West Bloomfield Township, Michigan.

New York, New York City, Sep 14, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Lyons is a board-certified psychiatrist, medical director, owner, and president of Lakes Psychiatric Center located in the Lakes Medical Center in West Bloomfield, Michigan. Psychiatric services provided include diagnostic evaluations, including initial treatment recommendations, medication therapy and ongoing reviews, psychotherapy, SPRAVATO treatments for treatment-resistant depression, as well as TMS (Transcranial Magnetic Stimulation) for depression.

"We provide comprehensive psychiatric and psychotherapy services for a vast array of mental health issues. These include depression, anxiety issues, bipolar disorder, psychotic illness, borderline personality disorder, substance abuse, and addiction, trauma-related issues, relationship difficulties, life transitions, and behavior problems among others", states the official website of Lakes Psychiatric Center. The Lakes Depression Center has treated the largest number of Spravato patients in the country. The practice provides TMS for depression through Greenbrook TMS. She has also opened a full DBT program

Dr. Lyons holds two decades of experience working as a psychiatrist in outpatient settings and at Rose Hill Center which has allowed her to garner extensive experience in the evaluation and pharmacologic treatment of a wide spectrum of psychiatric disorders. She opened her own practice in 2014 and now has 3 other prescribers and 17 therapists working with her in a comprehensive team approach. They offer carefully optimized, individualized medication recommendations, psychotherapy services, as well as cutting-edge options such as SPRAVATO, Neurostar TMS, DBT, and genetic P450 testing to assist in selecting medications.

"Dr. Lyons believes that thoughtfully selected medication coupled with psychotherapy is the fastest and most effective way to provide relief and a return to function. Prevention of relapse and maintenance of wellness is also a focus. She partners with the patient, their support people, and the therapist in a team approach to recovery," states her practice's website.

Dr. Lyons received her medical degree in 1994 at Wayne State University School of Medicine in Detroit, Michigan. She then pursued her residency in psychiatry at the University of Michigan Medical School in Ann Arbor, Michigan, where she was Chief Resident. Dr. Lyons is a state-level advocate for the rights of those suffering from mental disorders. Moreover, she attained the coveted title of fellow of the American Psychiatric Association (FAPA). She is licensed to practice in the state of Michigan.

Dr. Lyons is board-certified in psychiatry by the American Board of Psychiatry and Neurology. The American Board of Psychiatry and Neurology, Inc. (ABPN) is a nonprofit corporation that was founded in 1934 as a method of identifying qualified specialists in psychiatry and neurology. The ABPN is one of 24 member boards of the American Board of Medical Specialties (ABMS).

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptations related to mood, behaviour, cognition, and perceptions.
