

Michelle Goñi, MD, a Diagnostic Radiologist with DocPanel

Get to know Diagnostic Radiologist Dr. Michelle Goñi, who serves patients in Miami, Florida.

New York, New York City, Sep 16, 2021 ([Issuewire.com](https://www.issuewire.com)) - Specializing in Musculoskeletal Radiology, Dr. Goñi is a Teleradiologist at DocPanel and a Founding Medical Partner at Doctorpedia.

Dr. Goñi is a Radiologist and consultant for DocPanel which “connects patients & healthcare providers to a network of fellowship-trained expert radiologists.”

“Doctorpedia is on a mission to make the internet a safer place to learn about your health. We work with physician leaders to demystify healthcare and break down the barriers that prevent you from managing your health and wellness. Our community of physicians is dedicated to combating misinformation by clearly explaining the complexities of medicine in bite-sized videos that are designed to be watched on any device - whenever it is convenient for you to learn about your health” as stated on their website.

Dr. Goñi has also been a teleradiologist at Rapid Radiology, Nines Radiology, and vRad.

Raised in Long Island, New York, Dr. Goñi attended Boston College where she completed her pre-medical studies and received her Bachelor of Arts degree in English. She attended medical school at the Universidad Central del Caribe School of Medicine in Puerto Rico and completed her residency in Diagnostic Radiology at the University of Puerto Rico School of Medicine. In 2005, she completed a fellowship in Musculoskeletal Radiology at the University of Miami Leonard M. Miller School of Medicine.

Licensed to practice medicine in at least 21 states, Dr. Goñi is board-certified in Diagnostic Radiology by the American Board of Radiology (ABR) and is currently a Diplomat of the ABR. The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Professionally, Dr. Goñi is a diplomat of the American Board of Radiology and is a member of the American College of Radiology and the Alpha Omega Alpha Honor Medical Society.

Diagnostic Radiology refers to the field of medicine that uses non-invasive imaging scans to diagnose a patient. The tests and equipment used sometimes involve low doses of radiation to create highly detailed images of an area. A diagnostic radiologist is a medical doctor who specializes in diagnosing and treating disease and injury, using medical imaging techniques such as x-rays, computed tomography (CT), magnetic resonance imaging (MRI), nuclear medicine, positron emission tomography (PET), fusion imaging, and ultrasound.

When she is not working, Dr. Goñi enjoys spending time with her husband and three sons, traveling, getting together with friends, and exercising. She is an avid Peloton user. She has a growing interest in real estate investing and hopes to write a book one day.
