Family medicine is a medical specialty devoted to comprehensive health care for people of all ages. The specialist is called a family physician or family doctor. A family physician is often the first person a patient sees when seeking healthcare services. They examine and treat patients with a wide range of conditions and refer those with serious ailments to a specialist or appropriate facility.

Emergency medicine is the medical specialty concerned with the care of illnesses or injuries requiring immediate medical attention. An emergency physician works in an emergency department to care for acutely ill or injured patients on an unscheduled basis.

When he is not working, Dr. Eldirani enjoys time with his wife and 2 sons. He is an avid combat sports enthusiast and works as a ringside physician for multiple promotions in the state of Michigan. He also enjoys traveling, participating in water sports, listening to music, hunting, and competitive gaming. His favorite place to vacation is in Jamaica. He is fluent in English and Arabic.
