Naijafund, a crowdfunding platform focused on helping individuals raise money online, is announcing the re-launch of its affiliate programme.

Nigeria, Lagos, Sep 22, 2021 ([IssueWire.com](https://www.issuewire.com)) - [Naijafund](https://www.naijafund.com), a donation-based crowdfunding platform today announced the debut of their revamped affiliate programme which invites anyone with or without prior marketing skills to sign up and earn commissions based on donations received from their referrals. The performance-based partnership opportunity is also open to bloggers, publishers, and influencers.

This affiliate partnership enables anyone to leverage their existing user base, social media followers, and contacts to generate and control their own revenue stream.

The benefits of this partnership opportunity include:

- New and/or supplementary source of income
- No barriers to entry – Start for free
- Work independently and conveniently from anywhere at flexible times

“Our affiliate program also welcomes the Naijafund platform campaign creators. On the one hand, they can raise money to fund their projects while earning affiliate commissions from their referrals on the other” stated CEO Amaka Osemene. “This is a win-win for this subset of individuals who initially trusted us to crowdfund on our platform for their needs, then converted into marketers of our service thereby creating an alternative earning potential that could last long after the end of their campaign”.

In just a few minutes, anyone can sign up as an affiliate partner and start promoting the crowdfunding service using their own referral link. They can then track their referrals and commissions within the intuitive dashboard.
