Without a doubt one of the Spanish artists who is growing with great definition and with his know-how in musical productions is Fernando Armijo Rodríguez, better known in the dance music scene and by his followers around the world as [Nando Rodriguez](#), an artist who has been creating electronic music since the year 2000, and without a doubt with a great high note in his productions with more than 21 Top's 100 in this year 2021, in the main pages of Dance Music

Streamings, [Beatport](#), [Spotify](#), [AmazonMusic](#), [SoundCloud](#), or [AppleMusic](#) are somewhere the Spanish artist is leaving a great signature with his musical productions.

Some of the cities in which this Spanish artist has performed are Mallorca, Ibiza, Berlín, Poland, Usedom, Slovakia, France, Italy, they are some places where his fans have been able to see this talented artist perform and listen to his music.

Currently, Nando Rodriguez resides in Italy, next to the tranquility of the mountain, tranquility that is what gives him that push and definition when creating his wonderful musical productions, after having lived three years in Berlin the epicenter of electronic music, and having been recognized for his great musical works, decided Italy as his comfort zone, this artist is creating one of his musical albums that will be released the next year 2022 without a definition date since the one tells us he does not like careers in this of publishing music, he prioritizes quality is something that he prioritizes more than quantity.

And we have no doubt that this album will be another great success, as some of his musical works have gone around the world under his music label, [Reflections Music](#), a record label which has been publishing music for ten years, both in CD format, Vinyl or digital.

Supported record label for great artists of the music industry and with which only this year it has launched sixteen musical releases, which all have gone through the main and recognized tops of the most essential music Top Lists in their genre musical all over the world.

And for sure and we hope this continues for both, him and his musical projects for a long time to come.

We detail some outstanding and influential musical productions of the artist Nando Rodriguez.

"Up Stairs" included in the Release "Strangers Things" or "Inside The Garage" Included in the Release "House & Garage" or another of his Hits in the United States, "How I Can Do" (feat. De Caren) one of his Hits that have been recognized as the best track of the year 2020 By DJMAG / RU.

Another of the great Releases that Nando Rodriguez is going to a publisher and the most recent release which exceeds 100K plays on SoundCloud, and at the moment without being published is

"EL DESTINO" is a release focused and created for Beach Clubs with a touch of the dance floor and fresh club vibes, with a Hispanic vocal, simple but without any doubt, it is an impressive track worthy of being danced. This release includes another track that accompanies the previously named "Cumbia Beach" without a doubt the release that will be published this September, more specifically on 09/23 will undoubtedly be a Top Sales.

Without a doubt, this Spanish artist is conquering a big part of the world with his music and his own style. We wish him all the strength and all the positivity possible to make it so.
