More About Our Event & Featured Guest

Night of the Witch Film Fest

Join the Esoteric Order of Geekdom as they present Night of the Witch Film Fest. They will be screening witch-themed movies all night along with movie trivia and PRIZES!

Jason Mankey - Author

Jason Mankey read his first book on Witchcraft in the seventh grade and dedicated his life to the Craft at age 22. Today, Jason is a third-degree Gardnerian High Priest and helps to run two Witchcraft covens in the San Francisco Bay Area with his wife Ari. Jason is a popular speaker at Pagan and Witchcraft events across North America and Great Britain and has been recognized by his peers as an authority on the Horned God, Wiccan history, and occult influences in rock n' roll and heavy metal music. Jason's latest book is "The Horned God of the Witches."

Clairvoyant Canvas Ritual Painting

A color magick ritual combining divination, painting, and your own intuition! You'll go home with a protective totem for your home painted by your own hand.

Red Light Séance

Fred Lee will be leading a séance inspired by American Spiritualism. The room will be darkened with only red lights used as illumination. This environment is generally seen as the most conducive to spiritual manifestations. It will be conducted in a circle where participation is welcomed but not required. The goal is to provide an inclusive environment to welcome those both embodied and disembodied to communicate unencumbered.

Midnight Ritual

Join Ian and Allison Lovecraft for a midnight ritual acknowledging Samhain and the Witch's New Year. Participate in an Eclectic occult ceremony performance.

Samhain is a celebration of the end of the harvest and the start of the coldest half of the year, and with this transition, it's also celebrated as the beginning of the spiritual new year for practitioners, which is also why it's nicknamed "The Witches' New Year."

In addition to this, many believe that the barriers between the physical world and the spirit world break down during Samhain, allowing more interaction between humans and denizens of the Otherworld.

This will be a celebration of people and things that have come to pass, as well as creating a new start. Feel free to bring a picture of people, animals, or anything you have lost you'd like to honor.

The Sin City Witches are one of the largest and most active witch, wiccan & pagan groups in the valley comprised of over 4K members who identify as witches. The groups' mission is to build an inclusive community for witches & pagans from all traditions, cultures, age groups, sexual orientations, and gender identities. They host monthly community events, run a book club and conduct educational workshops to help unify and educate the growing community. They hope through education and normalization that their beliefs and practices will not be seen through the lens of mainstream religion or the media but for what it truly is. They welcome all seekers and the curious as well.
