The company is registered under RBI as an NBFC (Non-Banking finance company). BSE code for Srestha Finvest Limited is 539217. It is a small-cap stock that is the company has a market capitalization of not more than \$2 billion. When combined

with many other investment strategies, a small-cap stock can be very helpful in diversifying your portfolio. A relatively smaller company is expected to have a higher potential for growth and price appreciation in the early phases. Therefore, small-cap stocks have relatively higher growth potential than large-cap stocks.

Every business requires finances whether it is for start-up purposes, business growth purposes, or for business expansion. Srestha Finvest Limited is a company that provides finances to such businesses against securities, movable and immovable properties, finance, higher purchase, and leasing. Indian corporates and personal private parties are provided finances according to their needs be it for business growth or for business development. The company also boasts to provide specialized, holistic finance and customized solutions to help your business to grow well.

Recently the company exclusively tied up with RBL Bank for a gold loan. Srestha Finvest Limited is the leading company in the South Indian region for a gold loan with an excellent customer base. Whereas the major strength of the company is its cash flow that is an outcome of the company's operative activities. The company has a finance capacity of 1000 Cr. in a very small time frame. The finance capacity of a company refers to an organization's liquidity, solvency, and ability to raise, deploy and service capital flows (debt or equity).

A huge talk of the town is that in near future a big investment is arriving which will enhance the growth and performance of the company for sure. Connoisseurs have termed the company as the biggest multibagger stock for this year.

Fundamentals show that the company's growth in these 5 years has been 26% whereas the average growth of the industry was only 16%. Also, the technical reports suggest that the stock has been bullish in recent times. The indicators suggest that the stock is expected to face a breakout that is the price of an asset is expected to move above its resistance area, or below a support area. Breakouts indicate the potential for the price to start trending in the breakout direction. For example, a breakout to the upside from a chart pattern could indicate the price will start trending higher.

The current value of this particular stock is Rs. 3 – 4, but carefully investigating and researching it is found out that experts say that in near future the value of this stock will reach 500 plus that is many times more than the current price of this stock.

So, if you are looking to invest in a profitable stock then this is your best option and this is the best time to invest in this stock. After properly discussing with your financial advisor go and buy stocks from the Srestha Finvest Limited. Investing in this stock will be the ultimate key to open the door to all your dreams.
