

Steven J. Cyr, MD, FAAOS, a Spine Surgeon with the Orthopaedic & Spine Institute and Cosmetic Surgeon with CYRx MD Cosme

Get to know Spine Surgeon and Cosmetic Surgeon, Dr. Steven J. Cyr, who serves patients in San Antonio, Texas.

New York, New York City, Oct 4, 2021 (IssueWire.com) - Dr. Cyr is a fellowship-trained spine surgeon who serves patients at the Orthopedic & Spine Institute in San Antonio, Texas. As a cosmetic surgeon, he practices at CYRx MD Cosmetic Surgery in San Antonio, Texas. Dr. Cyr treats complicated spine conditions and enjoys international notoriety for successful repairs of failed surgeries. Moreover, he is the first and only dual fellowship-trained Orthopedic and Cosmetic Surgeon in the WORLD (with the American Academy of Cosmetic Surgery).

“During his training, Dr. Cyr realized his orthopaedic background had equipped him with a rare knowledge of the musculoskeletal system that could further enhance the advancements being made in liposculpture and body contouring. His profound knowledge and understanding of the ideal anatomy enhanced by his lifelong passion for fitness and bodybuilding enabled him to identify anatomic flaws in high-definition liposculpture which result in a manufactured or artificial appearance. His unique approach called “OrthoSculpt” increases the potential to create the more natural look of a true fitness athlete or bodybuilder. Ideal cosmetic surgery makes it difficult to distinguish a surgically-crafted body from one built in the gym”, states the official website of CYRx MD Cosmetic Surgery.

In 1993, Dr. Cyr received his Bachelor of Science degree in Biology both Summa Cum Laude/Valedictorian from Southwest Texas State University in San Marcos, TX. He pursued his medical degree via early acceptance into the University of Texas Health Science Center, San Antonio, and graduated in 1996. He began service with the US Air Force via a transitional internship (1996-1997), and as a Flight Surgeon/Primary Care Staff Physician at Wilford Hall Medical Center/Lackland AFB in San Antonio, TX, (1997-1999).

Furthermore, he conducted an orthopedic surgery residency at Wilford Hall Medical Center, Lackland AFB, San Antonio, TX, (1999-2003), followed by a spine surgery fellowship at Mayo Clinic in Rochester, Minnesota (2003-2004). He ultimately completed a general cosmetic surgery fellowship through Beauty MDs/Dr. Wilbur Hah, past president of the American Board of Cosmetic Surgery, the Texas Cosmetic Surgery Society, and the American Academy of Cosmetic Surgery (2019-2021).

Dr. Cyr attained board certification in orthopedic surgery through the American Board of Orthopedic Surgery (ABOS). The ABOS is an organization with the goal of establishing educational and professional standards for orthopedic residents and surgeons as well as evaluating the qualifications and competence of orthopedic surgeons. It is a member of the American Board of Medical Specialties.

A member of the North American Spine Society, Dr. Cyr has been honored for his achievements via numerous recognitions, including being named a Top Doctor by the US News and World Report, a Top Orthopaedic Surgeon by Castle Connolly (2015, 2016, 2017), and a Texas Monthly Super Doctor. He is the recipient of the Patients’ Choice Award and Compassionate Doctor Award from Vitals, the 2013 Nspire Award from Nside Magazine, the 2009 Meritorious Service Medal from the USAF, the 2003 Roy N. Davis Award for Outstanding Orthopaedic Research, and the Air Force Clinical Surgeon’s Research Award in 2003, to name a few.
