### Unboxing the Magic of PDPSI

  
PDPSI  
...Key to Data Protection

**19<sup>th</sup> September 2021 at 11.00 am  
on Zoom**

 **Foundation of Data Protection Professionals in India**

Karnataka, Bengaluru, Sep 6, 2021 ([Issuewire.com](http://Issuewire.com)) - PDPSI or “**Personal Data Protection Standard of India**” is a Standard and an Implementation Guideline for Privacy and Data Protection Compliance. It is a unified framework for compliance with Personal Data Protection requirements under the Information Technology Act 2000, the proposed Personal Data Protection Bill 2019 (PDPB 2019) as well as GDPR and other international data protection regulations that may be applicable to Indian establishments.

PDPSI is a revolutionary concept “Made in India for the World” and incorporates several innovative futuristic ideas such as computation of “Data Trust Score” (DTS) and incorporating Data Valuation System incorporates Governance.

To familiarize the community with the standard, FDPI is organizing a free webinar on 19th September 2021, (Sunday) at 11.00 am, open to all Data Protection Professionals.

FDPPI has already developed a team of trained Auditors and Consultants and also created a group of Certification bodies that can undertake Consultancy and Audit based on the PDPSI framework and certify them for the Management.

When the PDPB 2019 is passed, the Government of India will set up a Data Protection Authority which will introduce codes of practice for industries to follow. PDPSI is an advance proactive initiative from the industry professionals to develop a system of compliance in tune with the global standards and flexible enough to meet the emerging requirements of PDPB 2019 when passed.

The webinar will be conducted by Naavi, the veteran Data Protection and Governance consultant, founder of [www.naavi.org](http://www.naavi.org), and Founder Chairman of FDPPI. During the webinar, Naavi will introduce the Standard and its implementation specifications with a comparison of similar frameworks available from other agencies.

Entry by registration at [www.fdppi.in](http://www.fdppi.in) or through e-mail [fdppi@fdppi.in](mailto:fdppi@fdppi.in)
