United Kingdom, London, Sep 3, 2021 ([Issuewire.com](https://www.issuewire.com)) - The Best Business Women Awards have announced their finalists for 2021 and this is an amazing lineup of incredible businesswomen from across the globe.

Pushing through the pandemic, these women continued to drive their businesses forwards. The judges were impressed by the creativity, tenacity and great business acumen demonstrated in the finalists

selected. The Best Business Women Awards are designed to recognise the achievement of those women across a wide range of industries.

Vicky Grammatikopoulou of [Vie Aesthetics](#) has been shortlisted as a finalist in 2 categories: Best Consumer Business and Best Customer Service.

Vie Aesthetics is a multi-award-winning, CQC-regulated, Save Face- and Investors In People (Gold) accredited medical establishment that was named Global and UK Aesthetic Practice of the Year in the MyFaceMyBody Awards 2020. In their doctor-led clinics at 2 Harley Street [London](#), Rayleigh [Essex](#), and Waiblingen [Germany](#), Vie Aesthetics provide the latest advanced medical and non-surgical cosmetic solutions for face, body, hair, and wellness. The brand is renowned for its holistic approach to aesthetics and wellness, the tailored packages, and the celebrated signature treatment plans that help men and women achieve their image and personal transformation goals.

Debbie Gilbert, organiser of [The Best Business Women Awards](#) said 'The 7th year of these prestigious awards has proved to be the most challenging for business owners worldwide. The entries were judged by a panel of business experts who had a tough job reading hundreds of entries. To be a finalist in this competition is a major achievement and a mark of quality. All our finalists either win a Silver or Gold Award. The businesswomen selected have been chosen for their business acumen, determination, creativity, and tenacity. All our finalists are all shining examples of being successful entrepreneurs who have proved their success to our judges.'

Vicky Grammatikopoulou, who won 2 Silver awards the previous year as well, said "I am thrilled to be shortlisted again for this fantastic award in both these categories, alongside such exceptional and very inspirational businesswomen. I am deeply humbled and so grateful to the awards panel and to my super amazing team!"

The Gala Final will be held at the Hilton Wembley on 15th October where the Gold Winners of each category will be announced.
