

Visas Avenue - Professional Canada Immigration Advisory & Consultancy Company

Delhi, New Delhi, Sep 29, 2021 ([Issuewire.com](https://www.issuewire.com)) - According to the Best Countries Report 2021, Canada takes the first spot. Canada is undoubtedly one of the most popular migration destinations for aspiring individuals and families. Every year, the Canadian government welcomes tens and thousands of newcomers from all over the world. The key factors contributing to Canada's popularity are its immigrant-friendly policies and programs, world-class healthcare and education, firm family reunification policy, and endless employment opportunities.

Being the most open country in the world, Canada has more than 100 economic immigration pathways and streams so that Canada can meet the needs of a large number of prospective immigrants.

Additionally, as per Canada Immigration Level Plan 2021-2023, Canada has a target to welcome more than 400,000 newcomers under different immigration programs.

- **401,000 Newcomers in 2021**
- **411,000 Newcomers in 2022**
- **421,000 Newcomers in 2023**

The plan is highly ambitious and aims to strengthen Canada's economy shortly. With a low birth rate and a nine million aging population, the country relies on skilled immigration to grow its labor force.

While discussing Canada's immigration plan for the next three years, it is obviously evident that both Federal and Provincial governments are making their way towards achieving the annual targets. The

IRCC has already surpassed the invitation target for Express Entry 2021.

Amidst Canada's massive demand for skilled and talented workers, this is the right time to apply for Permanent Resident Visa in Canada. Aspiring immigrants must prep up their files and buckle up to apply for a Canadian PR Visa. With an expert team of visa and immigration consultants, skilled individuals can find their way towards Canadian permanent residency hassle-free.
