Gujarat, Ahmedabad, Oct 6, 2021 ([Issuewire.com](https://www.issuewire.com)) - The fundamental functionality of Microsoft Viva in this modern corporate environment:

- Better employee engagement
- Drive a cultural change
- Upskill the employees
- Ensure their growth and well being

The tool has been designed to build an **employee-centric** work environment that could **ensure privacy**, **Safeguard confidential data** and **break the growing complex boundaries** of the system.

So, Leverage your existing ecosystem with **Microsoft Viva** that would make it work seamlessly for **partners** and **clients**.

Although the plan of expansion for Microsoft Viva is in the pipeline, There are **four** precise modules at the hand:

1. Viva Connection:

The connection feature harness the communication flow, competitive advantages, resource availability, and available information on **norms and policy**. It also makes the communities and resource groups available to every employee.

Advantages include Empowering **company culture** and **team building functionality**.

2. Viva Insights:

The Insights module gives customized bits of knowledge on representative's own **functionality, experiences, and encounters**, apparent just to them. This assists them with securing their time, Ensuring break time, and spend time in **learning** and **exploring** other prospects of work.

Advantages include: Preventing **fatigue** and expanding potential efficiency.

3. Viva Learning:

Learning enables you to discover **proficiency** and **advancement** opportunities in the progression of workflow. It channelizes the learning assets like **LinkedIn Learning** and **Microsoft Learn** in one spot.

Advantages include: **Encouraging upskilling** and **worker improvement**.

4. Viva Topics:

The Topics module gives **AI-controlled** information and revelation that associates data and specialists all through the organization. Themes can also incorporate outsider administrations like **Salesforce** and **ServiceNow**, uniting every one of your information.

Advantages include More **powerful utilization** of in-house information and ability.

"We have participated in the largest at-scale remote work experiment the world has seen, and it has had a dramatic impact on the employee experience," [said Satya Nadella, CEO, Microsoft](#).

"Every organization will require a unified employee experience from onboarding and collaboration to continuous learning and growth. Viva brings together everything an employee needs to be successful, from day one, in a single, integrated experience directly in Teams."
