

Get to know Obstetrician-Gynecologist Dr. Anushka Chelliah, who serves patients in Houston, Texas.

Anushka Chelliah, MD, an Obstetrician-Gynecologist and Maternal-Fetal Medicine Specialist with Obstetrix Maternal – Fetal Medicine Specialists of Houston

New York, New York City, Oct 13, 2021 ([Issuewire.com](https://www.issuewire.com)) - Recognized as a caring and compassionate obstetrician-gynecologist, Dr. Chelliah enjoys being an easily accessible resource for high-risk pregnant patients and their OB/GYNs. She can be found on staff at the One Fannin location of Obstetrix Maternal-Fetal Medicine Specialists of Houston and is proud to serve patients' needs

throughout Greater Houston.

Obstetrix Maternal-Fetal Medicine Specialists is a network of three maternal-fetal medicine practices located throughout Houston with more than 25 years of caring for women with high-risk pregnancies and complex maternal-fetal conditions. Their practices offer the complete spectrum of maternal-fetal medicine services to ensure their patients receive the highest quality care possible.

Dr. Chelliah's decision to practice maternal-fetal medicine is based on her ability to provide evidence-based patient care to a high-risk population of patients where the benefits can change the lives of mothers, their babies, and families as a whole. She has taken a keen interest in point of care ultrasound and diabetes in pregnancy.

Back in the early days of her academic career, she received her medical degree from the Medical University of the Americas in Nevis, West Indies. She completed her residency in obstetrics and gynecology at Wayne State University & Hutzel Women's Hospital in Detroit, Michigan, and finished her fellowship in maternal-fetal medicine at the University of Florida College of Medicine.

The doctor joined Obstetrix Maternal-Fetal Medicine Specialists in 2020 after spending several successful years in academic practice in the Department of Obstetrics, Gynecology, and Reproductive Sciences at the University of Texas Health Science Center (UTHealth).

An authority in her field, she is board-certified in obstetrics and gynecology by the American Board of Obstetrics and Gynecology (ABOG). The mission of the ABOG is to define specialty standards, certify obstetricians and gynecologists, and facilitate continuous learning to advance

Obstetrics and gynecology (OB-GYN) is the medical specialty that encompasses the two subspecialties of obstetrics (covering pregnancy, childbirth, and the postpartum period) and gynecology (covering the health of the female reproductive system – vagina, uterus, ovaries, and breasts).

Maternal-Fetal Medicine (MFM) is a subspecialty of obstetrics and gynecology that focuses on managing health concerns of the mother and fetus prior to, during, and shortly after pregnancy. Maternal-fetal medicine specialists are physicians who subspecialize within the field of obstetrics. For pregnant women with chronic health problems or other complications during their pregnancy, MFM specialists work to keep them as healthy as possible while their bodies carry a pregnancy. They also care for women who face unexpected problems that develop during pregnancy such as early labor, bleeding, or high blood pressure.
