

Hussein Rayatzadeh, MD, a Cardiologist with Southern Medical Group, PA

Get to know Cardiologist Dr. Hussein Rayatzadeh, who serves patients in Tallahassee, Florida.

New York, New York City, Oct 27, 2021 ([Issuewire.com](https://www.Issuewire.com)) - An established cardiologist, Dr. Rayatzadeh currently practices at Southern Medical Group, PA, and holds privileges at Tallahassee Memorial HealthCare in Florida.

Southern Medical Group (SMG) was formed in 1988 by the merger of two prominent Tallahassee physician groups. The physicians of Southern Medical Group practice the specialties of internal medicine and cardiology. They provide adult primary and specialty care, as well as, consultations for other physicians. By advancing medical research, technology, and education, it is committed to promoting the future well-being of the community. Its mission is to provide the highest quality, state-of-the-art health care in internal medicine and cardiovascular disease.

Pertaining to his educational pursuits, Dr. Rayatzadeh graduated with his medical degree from the Tehran University of Medical Sciences and Health Services. After relocating to the United States, he completed his internship and residency at Penn State Milton S. Hershey Medical Center and his fellowship at the University of Texas Health Science Center.

With an unwavering commitment to his specialty, the doctor is board-certified in internal medicine, cardiovascular disease, cardiovascular computed tomography, nuclear cardiology, cardio-oncology, and echocardiography by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

While he loves examining the intricacies of the heart, his favorite part of his practice is the patients. “I enjoy working with patients most and providing them with the care they need. For some patients, that’s simple reassurance, for others, it’s advanced care and intervention” expressed Dr. Rayatzadeh.

Cardiology is a branch of medicine that deals with disorders of the heart, as well as some parts of the circulatory system. The field includes medical diagnosis and treatment of congenital heart defects, coronary artery disease, heart failure, valvular heart disease, and electrophysiology. Cardiologists are doctors who diagnose, assess, and treat patients with diseases and defects of the heart and blood vessels (the cardiovascular system).
