

INCO comes to India, sets up office in Bengaluru

Karnataka, Bengaluru, Oct 22, 2021 ([Issuewire.com](https://www.issuewire.com)) - Ending speculation of whether or not it would come to India and where in the country, **Abdo Karadag**, a Civil Engineer into the company during 1977. the market of Iraq and established INCO in a large way completing about 55 projects till 1990, has set up its office in Bengaluru, Karnataka, India, even as details of what the company plans to do in India remains elusive.

The Company is looking for growth and development, and would soon be inviting talented individuals to

work in the company.

INCO is a global organization that is building in 50 countries a new economy that is environmentally sustainable and socially responsible. INCO invests and supports innovative companies that are the future leaders of the economy. INCO provides training and support to those who wish to work in this new economy.

To build this new economy we must evolve existing strategies, pressure test innovative ideas, and create new companies to tackle major social and environmental issues.

We are at the heart of an international movement, driven by a new generation of entrepreneurs who need support to change the world. Every single day, we see the tremendous potential of start-ups and SMEs using their innovative business models to bring relevant solutions to their communities and beyond.

Through our investments and our incubators in more than 50 countries, we aim to create the economy of the future -- and, with our training courses, we work to ensure every person can find their place in it.
