

Intelikart launches “Champ”, an AI powered in-app assistant to grow e-commerce business on their platform

Intelikart is an Indian company that builds websites and mobile apps instantaneously to help companies launch their e-commerce business. They are launching Champ, an AI-powered tool for growing the e-commerce business of clients.

An advertisement graphic for Intelikart. On the left, the Intelikart logo is in the top left corner. In the center, there is an illustration of three people (two men and one woman) sitting at a desk with laptops, looking at a large screen that displays a lightbulb icon. To the right of the illustration, the text "Your branded app on Google play store" is accompanied by the Google Play Store logo. Below this, the text "Make significant online presence with the click of a button" is displayed, with "click of a button" inside a red rounded rectangle. At the bottom right, there is a red button with the text "www.intelikart.com". The background is light blue with some geometric shapes and plus signs.

India, Delhi, Oct 26, 2021 (Issuewire.com) - Intelikart is an India-based company that helps to build up an e-commerce website and mobile app within 2 minutes. This can aid companies in enhancing their sales with a solid web presence.

Intelikart can be used to construct your online storefront for selling anything online. The company's latest offering is Champ, an app assistant powered by AI for growing their e-commerce business on their platform. This tool helps review seller activity on the platform and suggests next actions which will aid in rising sales.

This tool has a highly affordable pricing policy which saves small companies from making a huge investment.

Champ by Intelikart will help businesses like grocery, restaurants, manufacturers, fish vendors, clothing stores, etc to launch their e-commerce platform.

About Intelikart:

Intelikart is the operating system for e-commerce businesses. Their platform provides sets of tools & technologies which help new-age MSME's, small businesses, and entrepreneurs with the seamless operation of their e-commerce business. With their pay-as-you-go plan, they will offer solid support for

your business marketing, including 24×7 tech support.

Intelikart offers a cost-effective service with no installation fee, no hosting & SSL fee, zero charges for listing on Playstore, zero charges for development, zero commissions, and no hidden fees.

www.intelikart.com is an Indian company that helps small businesses and start-ups to launch their e-commerce business instantly. They help build company websites and mobile apps. They have served over 50,000+ customers to date.
